Missouri Mathematics Summit

*Exploring alternative pathways and
course redesign for postsecondary
mathematics education*

**September 11–12, 2014
Columbia, Mo.**

The Missouri Department of Higher Education is convening faculty and administrators to discuss mathematics education at Missouri's colleges and universities. All Missouri institutions of higher education are encouraged to bring a team of five to seven members to the summit. Teams should include faculty from mathematics and other disciplines. Additional information, including the full program, will be forthcoming.
